PROGRAM OVERVIEW

SWIM STARTERS

Parent* & child lessons

A/Water Discovery & Exploration

Introduces infants and toddlers to the aquatic environment, explores body positions, blowing bubbles, and fundamental safety and aquatic skills.

SWIM BASICS (Safety Around Water)

Recommended skills for all to have around water

1/Water Acclimation

Increases comfort with underwater exploration and introduces basic self-rescue skills performed with assistance.

2/Water Movement

Encourages forward movement in water and basic self-rescue skills performed independently.

3/Water Stamina

Develops intermediate self-rescue skills performed at longer distances than in previous stages.

SWIM STROKES

Skills to support a healthy lifestyle

4/Stroke Introduction

Introduces basic stroke technique in front crawl and back crawl and reinforces water safety through treading water and elementary backstroke.

5/Stroke Development

Introduces breaststroke and butterfly and reinforces water safety through treading water and sidestroke.

6/Stroke Mechanics

Refines stroke technique on all major competitive strokes and encourages swimming as part of a healthy lifestyle.

*We define parent broadly to include all adults with primary responsibility for raising children, including biological parents, adoptive parents, guardians, stepparents, grandparents, or any other type of parenting relationship.
