Challenge Accepted

Push yourself to the next level as a leader and a teammate. Get ready for our 3rd Annual Adventure Camp Challenge! Campers will work together to solve problems, overcome obstacles, and give back to our community.

Cave Dwellers

Don't be afraid of the dark – explore it! Turn on your headlamp and grab your gear as we investigate the mysteries held within the caves of Central Texas.

Take A Hike!

We'll use our eyes, our ears, our hands, and our feet to explore nature. The Greenbelt, McKinney Falls State Park, and River Place Nature Trail are the destinations for our shaded adventures.

Adventure Seekers

Gear up as we embrace the fun and challenging adventures around us. Escape rooms, ropes courses, brain benders, and more test our bodies and our minds.

Keep Austin Weird

Discover the buzz about Austin. During this week, we will explore past events and present technologies to better understand what makes Austin such an awesome, weird, and fun place to live.

On Target

You'll have to think fast and keep moving this week as we line up our sights and develop our skills as marksmen. Paintball and laser tag field trips help campers sharpen their accuracy.

Game On

Bring on the games! Lace up the roller-skates, grab your bowling shoes, and get ready for an arcade full of fun at camp! Throughout the week, campers will use their imaginations to invent new games while enjoying all of their Y favorites.
