SUPPORT FOR VIRTUAL LEARNING ENVIRONMENTS THROUGH FULL DAY CHILD CARE

The EAC Y Full Day Child Care Programs are designed to help your child navigate the new world of virtual learning, all while taking part in a safe, fun, and educational environment! EAC Y staff will help facilitate the virtual learning being offered by your child's school district daily. Once the virtual school day is complete, the children will move into EAC Y curriculum.

YMCA Full Day Child Care offers a daily schedule that allows for students to have a set number of hours dedicated exclusively to their virtual learning. All instruction will be individualized and will support each student's unique schedule.
