Schedule is subject to change. Multiple activities are often scheduled at the same time.

### Lap Swimming Tips
- Please enter the pool from the shallow end. To avoid accidents when entering an occupied lane, please get the first swimmer’s acknowledgement that you are there.
- If there are 1 or 2 swimmers in a lane, they may elect to split the lane in half. The entrance of a third person immediately changes the lane to “circle” swimming format. Please try to choose a lane with swimmers that most nearly match your speed.
- Please get kickboards, pull buoys, etc. before entering the pool.
